

HEAD SPORTSWEAR

Four lines - four styles. With the collections Legacy, Ski, Rebels and Race we are appealing to the broadest range of consumers.

With the Legacy line we are setting new standards in fashion and functionality and have created a completely new high-end look in HEAD sportswear. The fashionable Rebels line is characterized by massive METALUXE zippers, studs, badges, and naturally the iconic Rebels logo. In contrast, the sporty Ski line is optically cleaner and more technical, and the HEAD Ski Tip logo and narrower, colorful zippers complete the look to perfection. You can wear the Race style from head to toe, because this line, which has been specifically designed for ski racing, perfectly coordinates with HEAD's renowned racing equipment.

A further innovation is the so-called Silent Seller, which is printed on the inside of every ski jacket and pair of pants and provides information about the material and care, and additional facts about the product. With these materials and insulation, we are constantly on the lookout for the newest and most innovative solutions.

This is why, for example, we work with PrimaLoft NEXT, a new form of insulation, which guarantees optimum warmth in our super-light layering jackets and it is also partially recyclable.

But enough talk - go convince yourselves!
SPORTING BEST WISHES!

HEAD Sportswear Team

WINTER 20/21

REBELS COLLECTION

Launched last season, our Rebels Collection 2020/21 has expanded. The cool biker look is the inspiration for this young, fashionable line. Studs, quilting on the chest, elbows, waist, and knee, a striking mix of materials and contrasting color blocks bring this style to life on the ski slope.

The traditional Rebels colors of white and black are broken by flashes of bold blue, orange, and bright green. Details such as the wide zippers and the Rebels print, which are reproduced on the buttons and studs, highlight the cool, edgy look of the Rebels line.

REBELS

SKI COLLECTION

Performance and technical design take center stage for the Ski line. Moreover, this line really shines with its color diversity and myriad combination options. This season, new shades of red, blue, gray, yellow, and green tones come to the foreground.

For ladies, the metallic features definitely catch the eye, while men cannot fail to make a statement on the hill in the Maverick bomber-style ski jacket referencing the new Top Gun film.

SKI

RACE

RACE COLLECTION

We designed the Race line for all expert and aspiring ski racers. Harmonizing with the design of HEAD's renowned World Cup race skis, the ski racing suits boast the iconic racing colors white, black, gray, and sulfur. The padded jackets, racing pants, and shorts provide an extra layer of warmth when needed most.

Thanks to our selection of relaxed hoodies, shirts, caps, and beanies, you can celebrate the Race-rebels look both on and off the race course.

INTELLIGENT APPAREL MEMBRANE

High-performing, intelligent, membrane designed to optimise breathability and comfort performance.

MOISTURE TRANSFER MICROFIBRE

High-performing microfibres transfer sweat to the surface of the material. This brings a cooling effect and allows the material to dry quickly.

PRIMALOFT®

Well-known for highly technical microfiber insulations and down alternatives is our main partner to keep our customers warm. PrimaLoft is used to high demands, great durability and reliable performance.

TECNOSTRETCH

High elasticity is often the base for a comfortable fit in sports apparel. With Tecnostretch by Italian premium manufacturer Pontetorto you be sure that your favorite thermals stay in shape.

TECNOPILE

One of the most innovative fibers from Italian premium manufacturer Pontetorto. supersoft touch, reliable insulation and great moisture transportation - perfect for our layering pieces.

TECHNOLOGIES

FUR

CERTIFIED FARMED FUR

From fur farm to fashion, Saga® represents the finest mink, fox and Finnraccoon pelts produced with care and respect on European fur farms. The Saga® brand philosophy and Farm Certification program focus on animal welfare, sustainability and traceability in our supply chain. The Saga® Fox and Finnraccoon are 100% certified, and the process is underway to create a fully certified Mink product. Only the finest pelts are awarded the prestigious Saga® label and hang tag.

REAL FUR

sagafurs®

In our 2020/21 collection we utilize three types of fur: Rex rabbit, sheepskin, and Finnish raccoon. We responsibly source our sheepskins and rabbit pelts exclusively from Spain. They are by-products of the food industry and are processed and dyed in high-quality tanneries and workshops in Europe.

The Finnish raccoon pelts are exclusively sourced from Saga Furs in Scandinavia, which has a stringent certification and audit program for the environment, animal welfare, and animal protection for its products.
